PRESIDING: Charles E. Gaskins, III, D.D.S.

MEMBERS PRESENT: Surya P. Dhakar, D.D.S.
Melanie C. Swain, R.D.H.

MEMBERS ABSENT: Jeffrey Levin, D.D.S.

STAFF PRESENT: Kelley W. Palmatier, Deputy Executive Director
Donna Lee, Discipline Case Manager
Indy Toliver, Adjudication Specialist

QUORUM: With three members present, a quorum was established.

Robert C. Dost, D.D.S. Dr. Dost appeared with counsel, Paula M. Potoczak, to discuss
Case No.: 135801 the allegations set forth in a Notice of the Board dated February 15, 2013.

Ms. Potoczak noted the following objections to the Committee: (1) Dr. Dost previously submitted documents to the Board such as lab orders, x-rays, affidavits, and a letter from Dr. Muller that were not contained in the evidence that was originally sent from the Board along with the Notice. The documents were resubmitted by Dr. Dost as part of his evidence; (2) a conflict of interest problem exists because the case was previously reviewed by an expert witness, whose review formed the basis for some of the allegations, and who is now a Board Member, which taints the entire Board; and (3) some of the allegations stated in the Notice were previously adjudicated in a prior Board Order entered in 2009 against Dr. Dost.

The Committee Chair ruled that the evidence submitted to the Board by Dr. Dost was received by the Committee, and would be considered with the allegations. The Committee Chair also ruled that the 2009 Board Order pertaining to Dr. Dost would be reviewed with the allegations. Each Committee member stated that they were unaware of the allegations against Dr. Dost until

When Dr. Dost provided treatment to Patient F's tooth #5, radiographs showed that he failed to adequately fill the apical portion of the tooth during root canal therapy, and delivered an ill-fitting crown with open margins. Radiographs also showed that when Dr. Dost performed a resin-composite restoration on Patient F's tooth #3, it was poorly placed and had mesial and distal overhangs.

Dr. Dost failed to diagnose an ill-fitting crown with open margins on Patient I's tooth #4 and Patient L's tooth #4.

Dr. Dost failed to refer Patient E to a periodontist after noting Patient E had pocket depths of 2-7 millimeters; and he failed to refer Patient O to a periodontist when the periodontal probing showed 8 mm pockets.

Dr. Dost prescribed oxycodone to Patient R without providing treatment or without noting a therapeutic purpose on several dates in 2009 and 2010, and he failed to include in Patient R's treatment record the oxycodone prescriptions he wrote on several dates in 2008 and 2009.

Dr. Dost prescribed hydrocodone to Patient S without providing treatment or without noting a therapeutic purpose on numerous dates in 2009 and 2010, and he failed to list in the treatment records all drugs prescribed to Patient S and the quantity on numerous dates in 2008, 2009, and 2010.

The sanctions reported by Ms. Toliver were that Dr. Dost shall receive a reprimand and pay a \$2,500 monetary penalty.
